Mission Statement

Welcome to the Austin Technology Incubator.

We are a not-for-profit division of The University of Texas at Austin. Our mission is to create jobs and wealth in Central Texas through technology entrepreneurship and to provide unparalleled opportunities for The University of Texas community.

ATI works with early stage technology companies to increase their odds of success and decrease their time to capital and markets. Since our founding in 1989, ATI has worked with over 150 teams of entrepreneurs, who collectively have raised over \$725 million dollars in investor capital while at ATI.
